

# American Board of Ophthalmology Office Record Review Module

## Diagnosis/Case: Cataract (Observational Management)

**Module Definition:** Patient must be 18 years or older with cataract who has not yet had cataract extraction on either eye, seen by you at least once in the past 12 months.

### History: Positive or Negative Findings

Recorded	Not Recorded	Not Applicable	Item
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	1. Reason for visit/chief complaint
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	2. Ocular history/symptoms
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	3. Systemic disorders
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	4. Current ocular medications
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	5. Systemic medications
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	6. Drug reactions/allergies
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	7. Assessment of the impact of visual function on daily living and activities
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	8. Assessment of relevant aspects of the patient's mental and physical status

### Examination and Diagnostic Procedures

Recorded	Not Recorded	Not Applicable	Item
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	1. Patient's refraction
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	2. Best-corrected visual acuity
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	3. Adnexal examination
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	4. Pupillary examination
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	5. Assessment of glare/fluctuation of vision
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	6. Macular function testing other than visual acuity
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	7. Ocular alignment and motility
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	8. Evaluation of cornea
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	9. Intraocular pressures (IOP)
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	10. Visual fields/method
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	11. Dilated examination of the lens and description of cataract
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	12. Dilated examination of the fundus
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	13. Contrast sensitivity
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	14. Specular photographic microscopy
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	15. Corneal pachymetry
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	16. B-scan ultrasonography
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	17. Specialized color vision
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	18. Electrophysiologic
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	19. Fluorescein angiography

<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	20. Optical coherence tomography of macula
-----------------------	-----------------------	-----------------------	--

Assessment and Management			
Recorded	Not Recorded	Not Applicable	Item
<input type="radio"/>	<input type="radio"/>		1. Assessment of visual functional status
<input type="radio"/>	<input type="radio"/>		2. Current diagnosis
<input type="radio"/>	<input type="radio"/>		3. Current management plan
<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	4. Informed consent process

Follow-up			
Recorded	Not Recorded	Not Applicable	Item
<input type="radio"/>	<input type="radio"/>		1. Follow-up in 6 to 12 months dependent on cataract progress

Safety and Environment			
Recorded	Not Recorded	Not Applicable	Item
<input type="radio"/>	<input type="radio"/>		1. Determining the presence of clinically significant systemic disease
